Minutes on Clarification meeting in Local open procedure for works contract Construction “**Construction of a bicycle path with public lighting from the bridge to the embankment of the river Drava in Belišće, HUHR/1101/1.2.2/1011**”

The meeting was held as announced in Instructions to tenderers, Point 1.2. Timetable – on May 5th 2014 at 10:00, at the premises of the Contracting Authority in Belišće, Kralja Tomislava 206.

The meeting was attended by representatives of two potential tenderers:

1. Gradnja d.o.o. Osijek, Mr. Tomislav Šebek
2. Osijek-Koteks d.o.o. Osijek, Mr. Vlado Horvatek

and by

Ljerka Vučković, project manager

Ljiljana Žigić, Head of the dept. for spatial planning and economy

The above mentioned representatives of potential tenderers have inspected the project designs.

Mr. Horvatek from Osijek-Koteks d.o.o. had two questions:

- Where is the surplus of material – earth and other potential debris – to be deposited?
- Is there any installation line going through the designed route of the future bicycle path?

Mr. Šebek had no questions.

The project is co-financed by the European Union through the Hungary-Croatia IPA Cross-border Co-operation Programme

The answers given in consultation with experts and representatives of the communal company are as follows:

1. The material surplus – earth is to be deposited, free of charge, at the landfill in Belišće, which needs to be arranged with the local communal company Kombel d.o.o. Belišće. As for the potential debris (concrete, asphalt, iron etc). this can also be arranged with the local communal company Kombel d.o.o. Belišće under conditions that will be defined between the future contractor and Kombel.

2. After inspection of the technical specifications, it was established that no installation lines go through the terrain on which the bicycle path is to be constructed.

Both of the representatives of potential tenderers agreed that they will visit the site on their own time and that there is no need for the representative of the Contracting Authority to accompany them, since the location of the site is well known to them.

This minutes as well as the Q&A will be published at the same site where the tender is published.

The meeting ended at 10,35.
